Canada Post Service Update

The Canadian Government has legislated the Canadian Union of Postal Workers (CUPW) back to work on **Monday November 26th**. With the strike lasting as long as it did, Canada Post has advised that there will be continued delays as they work through the back log.

For public information on this matter, please visit the [Canada Post website](#).

As Canada Post works through their backlog, now is a perfect time for you to join our online client portal, [MY ACCOUNT](#), if you haven't already done so! While you're there, we encourage you to go paperless in an effort to avoid any delays in receiving documents and to go green with Global.

If you have any specific questions or concerns regarding outgoing and incoming document deliveries, please contact GMII advisor services at 416.741 1544 at 3654, toll free at 1 (866) 666-5266 Ext 3654 or by email at advisorservices@globalfinancial.ca.
